## **Water Service- Water Valve Replacement**

**Monday June 15, 2026**

On Monday June 15, 2026, near Leesway Lane near New Albany loss of positive pressure due to the replacement of a waterline valve affecting twelve (12) homes. Residents are advised to boil their water prior to consumption. This boil water notice is issued as a best management practice and out of an abundance of caution. The boil water notice is expected to remain in place until further notice. Residents will receive follow up notification when the boil water advisory is lifted.
